

Lineark Global

Borders Redefined

Who we are!

India is known as the home of spices and boasts a long history of trading spices and herbs with the ancient civilisations of Europe and china. In Today's international spices market, Indian spices are the most sought-after products, given their exquisite aroma, texture, and taste. India has the largest domestic market for spices and we are also the world's largest producer and exporter of spices.

Lineark global is one of the leading producers and traders of spices from Gujarat, India. We are in the business of trading spices for almost a decade and have acquired much exposure in this field.

We are dealing in premium and bold quality spices like Cumin, Fennel, Fenugreek, Nigella Sativa, Mustard, Sesame, and many more. We have rich experience from procurement to processing, cleaning, and packing. We undertake utmost care while delivering our products to you from our own processing center which is located in the heart of spice nation Unjha, Gujarat.

What we do best!

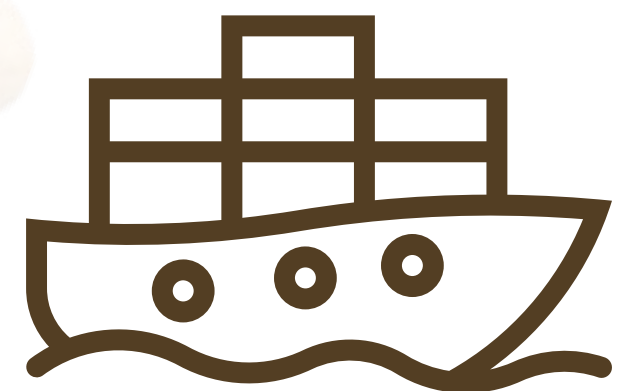

► Assured Quality

- We are focused on delivering quality. We try to serve our customers with quality products. And to fulfill that promise we use technology and qualified professionals for end-to-end processes. We do not use artificial colors or scents to alter our product aesthetics.

► Timely Shipment

- Delivering on time along with quality is one of our mottos as we believe in the best services to our customers, we use the best logistic professionals to make all our shipments efficient and simpler so that they can reach you on time.

► Competitive Pricing

- We do leverage our expertise in trading in local markets to always have an edge on the cost by regularly purchasing to offer the best prices for our products in global markets with the aim of giving our customers priority.

OUR PRODUCTS

Cumin

Cumin is also known as Cuminum, a member of the Parsley family. Cumin's distinctive flavor and warm aroma are due to its essential oil content. In Sanskrit, cumin is known as jiraka "that which helps digestion".

Mustard

Mustard is a yearly herb grown in India as an oil seed crop or as a vegetable or as fodder, of which, three varieties are known for their condiment value. Mustard grows well in Indian subcontinent.

Nigella Sativa

Nigella sativa, commonly known as black seed or black cumin, it has been used for medicinal purposes for healing. It comes from a flowering plant and mainly used as a spice and food preservative.

Fenugreek

Fenugreek is one of the oldest medicinal plants. Its leaves and seeds are used to prepare extracts for medical use. It is used as a tonic and as a treatment for weakness and edema in the legs. It is commonly consumed as a condiment.

OUR PRODUCTS

Caraway

The word 'caraway' refers to its origin in the province of Caria in Asia Minor. In ancient times, caraway seeds were used to mask the breath and relieve stomach problems. Bread containing caraway seeds was eaten in ancient Rome.

Fennel

Fennel (*Foeniculum vulgare*) is a flowering plant species in the carrot family. It is a hardy, perennial herb with yellow flowers and feathery leaves. It is indigenous to the shores of the Mediterranean .

Dill

Dill is annual herbaceous crop having leaves with pleasant smell and warm taste. Its seed and leaves are used as spice. Dill seeds and oil have medicinal property and used for preparing medicine.

Coriander

Coriander is one of the oldest herbs and spices on record. The fresh green leaves from the coriander are also broadly used in the field of culinary. Mostly it is used as a condiment for its therapeutic properties .
